Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

On January 1, 2007 the Company entered into new executive employment agreements with all of its executive officers (individually an “Agreement” and collectively the “Agreements”). The Agreements obligate IDEXX Laboratories, Inc. (the “Company”) to make certain payments and provide certain benefits to the Company’s executive officers upon a qualifying termination of employment that follows a change in control of the Company, as described further below. The Agreements supersede similar agreements previously entered into by the Company and its executive officers. The Agreements for all of the executive officers are identical except as described below.

The Agreements become effective upon a change in control of the Company, which will occur generally upon (a) the acquisition by any person of 30% or more of the shares of common stock or combined voting power of the Company’s outstanding securities, (b) a change in the composition of the Company’s board of directors over a 24-month period such that a majority of the board no longer consists of incumbent directors or directors nominated or elected by incumbent directors, (c) a reorganization, merger, consolidation, or sale or other disposition of all or substantially all of the assets of the Company where the shareholders of the Company immediately prior to such transaction cease to own a majority of the outstanding shares of common stock and the combined voting power of the Company’s outstanding voting securities in substantially the same proportion as their ownership immediately prior to the transaction, or (d) approval by the shareholders of a complete liquidation or dissolution of the Company or sale of substantially all of the assets of the Company.

Following a change in control, the Company may not generally reduce an executive officer’s base salary or target bonus, or the aggregate benefits to which the executive officer is entitled under incentive plans and welfare benefit plans, below the level to which the executive officer was entitled prior to the change in control.

For a period of two years following a change in control, if the employment of an executive officer is terminated by the Company without cause or by the executive officer for good reason, as defined below, then the Company shall provide the following payments and benefits to the executive officer: (1) a prorated payment of the executive officer’s target bonus for the portion of the year of termination prior to the date of termination, (2) an amount equal to two times (three times in the case of Jonathan Ayers) the sum of the executive officer’s base salary plus the average bonus received by the executive officer for the three full fiscal years preceding the change in control, and (3) the continuation of life insurance, disability insurance, medical and dental coverage, and other benefits for a period of two years (three years in the case of Jonathan Ayers) following the date of termination.

Upon a change in control, each outstanding stock option, restricted stock unit, or other equity award (an “Equity Award”) held by an executive officer shall become immediately exercisable or vested as to 25% of the number of shares as to which such Equity Award otherwise would not then be exercisable or vested. Following a termination of the executive officer’s employment by the Company within two years following a change in control other than for cause or by the executive officer for good reason, all Equity Awards held by the executive officer shall become fully exercisable and vested.

Under the Agreements, “good reason” is defined as (a) any material diminution in the executive officer’s duties or responsibilities, (b) any reduction in the executive officer’s base salary or target bonus, or the aggregate benefits to which the executive officer is entitled under incentive plans and welfare benefit plans, below the level to which the executive officer was entitled prior to the change in control, (c) a reduction in vacation benefits, (d) relocation or a requirement of substantially greater travel, or (e)

certain breaches by the Company of the Agreement. Under the Agreements with Jonathan Ayers, Chairman and Chief Executive Officer, William Wallen, Senior Vice President and Chief Scientific Officer, Merilee Raines, Corporate Vice President and Chief Financial Officer, and Conan Dedy, Corporate Vice President and General Counsel, if any of such executive officers does not hold the same position with the entity surviving any change in control, then good reason shall be deemed to exist.

If payments to an executive officer under the Agreement cause the executive officer to be subject to an excise tax under Section 4999 of the Internal Revenue Code of 1986, as amended, the Company will pay the officer an additional amount that would, net of any taxes or penalties (including excise taxes) on such additional amount, allow the executive officer to retain the amount he or she would have received had he or she not been subject to the excise tax under Section 4999. However, if the payments to the executive officer are no more than 110% of the maximum amount of payments that the executive officer could receive under the Agreement without becoming subject to the excise tax, then no “gross-up” payment will be made and the payments to the executive officer shall be reduced to such maximum amount.

The Agreements have an initial term expiring on September 30, 2008. Commencing on October 1, 2008 and on each anniversary of such date (each of such dates is referred to as a “Renewal Date”), each of the Agreements shall automatically renew for a period of one year, unless the Company shall have provided notice to the executive officer within 120 days prior to the Renewal Date indicating that the Agreement will not be extended.

The foregoing description of the terms and conditions of the Agreements is qualified in its entirety by reference to the Agreements, which are filed as Exhibits 10.1, 10.2, 10.3, 10.4, and 10.5 hereto and are incorporated herein by reference.
